APPLICATIONS:

Heavy traffic areas, Commercial Projects. Where strength and stability are required. For turf areas. Anywhere a standard weatherproof Junction Box would be used for electrical access. A non-corrosive, aesthetically pleasing extremely functional Weatherproof junction box. Can be used as a CPC for 2-6 (12v) fixtures to insure equal voltage delivery to each fixture, providing the lead wires to each 12v fixture are the same length and the wattage of each fixture is the same. See Illustration #1.
