#### DESCRIPTION

The H1499TAT is a small aperture low voltage Non-IC AIR-TITE<sup>™</sup> housing for providing accent and task lighting. The H1499TAT is designed for use in non-insulated ceilings. Non-IC Housing is AIR-TITE<sup>™</sup> but insulation must be kept 3 inches away from all sides of housing.

#### SPECIFICATION FEATURES

#### Housing

Formed of CRS with powder coat finish.

# **Plaster Frame**

- Galvanized steel die-formed construction.
- The housing can be removed from plaster frame to provide access to the junction box.
- Plaster frame features include:
   Patented regressed locking screw positioned for securing hanger bars from below the ceiling.
  - Cutouts for easily crimping hanger bars in position.
  - AIR-TITE aperture gasket is pre-installed.
  - HALO identity embossed on plaster frame

# SLIDE-N-SIDE<sup>™</sup> Junction Box

- Positioned to accommodate straight conduit runs
- Four 1/2" trade size conduit knockouts with true pry-out slots
- Slide-N-Side wire traps allow non-metallic sheathed cable to be installed without tools and without removing knockouts.
- Accepts a wide range of non-metallic (type NM) sheathed cables - the standard cable types used in lighting in both U.S. and Canada.
- Allows wiring connections to be made outside the junction box.

#### Simply insert the cable directly into the trap after connections are made.

 Accommodates the following standard non-metallic sheathed cable sizes:
 (US) #14/2, #14/3, #12/2, #12/3
 (Canada) #14/2, #14/3, #12/2

#### "Quick Connect" Connectors

Three quick connect wiring connectors included.

#### GOT NAIL! Pass-N-Thru™ Bar Hangers

- Pre-installed nail easily installs in regular lumber, engineered lumber and laminated beams.
- Safety and guidance system prevents snagging, ensures smooth straight nail penetration and allows bar hangers to be easily removed if necessary.
- Automatic leveling flange aligns the housing and lets you hold the housing in place with one hand while driving nails.
- Housing can be positioned at any point within 24" joist span.
   Pass-N-Thru™ feature allows
- bar hangers to be shortened without removing from plaster
- frame.

  Score lines allow "tooless"
- shortening for 12" joists.Bar hangers may be
- repositioned 90°. • Integral T-bar clip snaps onto T-bars - no additional clips
- required.

#### Socket

GU5.3 socket with reflector plate for bi-pin 12V MR-16 lamps.

# Transformer

Integral 120V magnetic transformer steps line voltage down to lamp operating voltage. For lamps up to 50W.

# **Thermal Protector**

Thermal protector deactivates fixture if overheating occurs due to improper lamping or misapplied insulation.

# Labels

- UL/cUL Listed 1598 Luminaire
- UL/cUL Listed for Damp Location
- UL/cUL Listed for Wet Location, covered ceiling with select trims
- UL/cUL listed for Feed Through
- Certified Under ASTM-E283 for air tight construction
