

DESCRIPTION

595 Series LED Trims – 5-Inch Aperture Wall Wash – is an integral element in the Halo ML56 LED Downlighting System. ML56 LED System is a series of modular LED Light Modules for use with dedicated 5" or 6" ML56 LED trims. The ML56 LED trims in 5" and 6" aperture sizes are designed to fit Halo, All-Pro and others 5" or 6" recessed housings. The ML56 system is suitable for new construction, remodel or retrofit installation.

SPECIFICATION FEATURES

595WW LED trim is a 5-inch aperture wall wash downlight offered with a Specular Clear primary downlight reflector, and the Halo exclusive Repositionable Kick Reflector. The specular clear "kick" reflector provides the wall wash optical element. The Repositionable Kick Reflector allows fine-tuning adjustment of the wall wash effect and easy cleaning of the trim. The accessory/spare WW595SC Repositionable Kick Reflector is sold separately for use when double wall wash is needed, or for replacement of original kick reflector included with the trim. 595 Series wall wash features matte white finish flange.

The precision spun aluminum primary reflector provides excellent downlight performance, and the kick reflector offers superb wall washing. The 595 wall wash trim may be used in most standard height 5-inch aperture recessed housings; Halo, All-Pro, and more (refer to ML56 LED Light Module specifications for details).

- Specular reflector and Specular "kick" reflector insert
- Repositionable Kick reflector allows wall wash adjustment
- Optional, accessory "Kick" reflector for double or corner wall wash
- Wet location shower listed with ML56 LED Light Modules
- Torsion springs pull trim and light module tight to ceiling
- For use in standard housings
- ML56 downlight trims and modules make any housing AIR-TITE™ (ASTM E283)
