

## JUNO 27HYP AND 204HYP HYPERBOLIC TRIMS

### SAVE THESE INSTRUCTIONS

#### TO INSTALL HYPERBOLIC TRIMS:

1. Remove OPTIC REFLECTOR from fixture by rotating  $\frac{1}{4}$  turn counter-clockwise (Figure 1). Discard or recycle.

Note: If replacing an existing trim with a hyperbolic trim, remove existing trim and OPTIC REFLECTOR from fixture.

2. Align the mounting tabs of HYPERBOLIC NMC™ (Nano Mixing Chamber) OPTIC to the optic mounts in fixture as shown in Figure 2a & 2b. Rotate  $\frac{1}{4}$  turn clockwise until it stops as shown in Figure 2c.

### WARRANTY

Juno Lighting Group warrants that its products are free from defects in material and workmanship for one year from the date of purchase. Juno Lighting Group's obligation is expressly limited to repair or replacement, without charge, at Juno Lighting Group's factory after prior written return authorization has been granted. This warranty shall not apply to products which have been altered or repaired outside of Juno Lighting Group's factory. This warranty is in lieu of all other warranties, expressed or implied, and without limiting the generality of the foregoing phrase, excludes any implied warranty of merchantability. Also, there are no warranties which extend beyond the description of the product on the company's literature setting forth terms of sale.
