

Mamba®

The Mamba is a strikingly original, front loading gimbal ring design. Gracefully curved and tapered elements flow into a gimbal ring that appears to float, while the gently scooped socket housing reinforces a concave/convex theme. Concealed wiring and sleek trac adapter create an ultra-clean appearance. Mamba for Trac-Master is designed for use with 75W PAR30 and 150W PAR38 line-voltage halogen lamps and 50W MR16CG low voltage halogen lamps with integral cover glass. Media cartridges are not available for this fixture due to the unique characteristics of the gimbal ring design.

Lamp
12V, 20-50W MR16CG Cover Glass

T537 or T538 transformer required.
Must order separately. See page 821 for detailed information.

Xanadu®

Stunning simplicity yields a classic beauty. Xanadu's stem elevates from the fixture as though carved from a section of its cone shaped body. Its pure shape is devoid of extraneous detail. Concealed wiring produces an ultra-clean appearance. Xanadu for Trac-Master low voltage is designed to use 50W MR16 halogen lamps. A dual accessory media cartridge is standard on the MR16 fixture.

T870SL	Silver

Lamp
12V, 20-50W MR16

T537 or T538 transformer required.
Must order separately. See page 821 for detailed information.

Facet®

Sweeping lines, arresting angles, and a brilliant lack of symmetry result in a totally unexpected design. Concealed wiring completes the ultra-clean appearance. Facet for Trac-Master low voltage is designed to use with 50W MR16 halogen lamps. A dual accessory media cartridge is standard on the MR16 fixture.

Catalog #	Finish
T850WH	White
