**Trac-Master**®

Xanadu®

Stunning simplicity yields a classic beauty. Xanadu's stem elevates from the fixture as though carved from a section of its cone shaped body. Its pure shape is devoid of extraneous detail. Its concealed wiring and blended trac adapter produce an ultra-clean appearance. Xanadu for Trac-Master is designed for use with 50W PAR20, 75W PAR30, and 150W PAR38 line-voltage halogen lamps and 50W MR16 low-voltage halogen lamps. An optional, integral, bayonet-mount media cartridge is available for the PAR30 fixture that simultaneously accepts up to two light control accessories. A dual accessory media cartridge is standard on the MR16 fixture.
