PRODUCT DESCRIPTION

Xanadu's stunning simplicity yields a classic beauty. Its stem elevates from the fixture as though cut from a section of the cone-shaped body. Its form is a pure shape devoid of extraneous detail. Concealed wiring and blended trac adapter produce an ultra-clean appearance. The integral bayonet mount accessory holder in the MR16 version, and the optional bayonet mount accessory holder in the PAR30 version, accept up to two accessories simultaneously. Sleek and streamlined... Xanadu is a true beauty.

Xanadu uses high-quality, die-cast aluminum construction and is available in attractive white, black and silver finishes.
