

LED Series Cylindra™ T255LED

Juno®

Juno Cylindra™ T255LED

The Juno Cylindra™ 45W LED trac fixture approximates the light output and distribution of 39W PAR30L ceramic metal halide lamps, utilizing about the same amount of energy, but having a rated life of 50,000 hours and significantly better lumen maintenance over life. Available in 2700K, 3000K, 3500K and 4000K color temperatures, the white-light Cylindra LED is compatible with all Juno line voltage trac and T43 monopoints. The contemporary styling of the Cylindra LED enables it to subtly enhance practically any decor without diverting attention from the surrounding environment. Soft curved surfaces combine with clean, crisp edges to provide a uniquely attractive aesthetic. Cylindra's integral, bayonet-mounted accessory holder accommodates up to two accessories if desired.
