AVIO® - Halogen MR16

The AVIO Halogen MR16 system integrates one to four halogen MR16 lamps into linear or quad-configured, trac-mounted luminaires. The concentric gimbal ring design provides aiming in all directions while the fixture plane remains aligned to the trac. Matching surface and recessed mount fixtures (shown in the Indy section) complete this versatile and visually compelling series.

JUNO LIGHTING GROUP
by Schneider Electric

Visualize a lighting effect...create it with the Trac-Master system. A flexible selection of trac mounting options, light sources, fixture designs, and optical control accessories make Trac-Master trac lighting the logical choice for efficient, functional and attractive lighting solutions.

The Trac-Master system is the "workhorse" for spotlighting, ambient lighting and wall washing. This trac lighting system provides unparalleled flexibility and product options to solve virtually any display and accent lighting challenge for homes, retail, restaurants, hospitality, reception areas, and commercial spaces.

Trac-Master®

AVIO® - CMH MR16

The AVIO CMH MR16 system integrates one to four energy efficient CMH MR16 lamps into linear or quad-configured, trac-mounted luminaires. High power factor electronic ballasts provide optimum CRI performance along with lamp color consistency and stability. The concentric gimbal ring design provides aiming in all directions while the fixture plane remains aligned to the trac. Matching surface and recessed mount fixtures (shown in the Indy section) complete this versatile and visually compelling series.
