Professional Series Halogen CONIX® PAR LAMPHOLDERS T407, T408, and T409

PRODUCT DESCRIPTION

The sleek sculptured look and style of the Conix fixture is unparalleled in the industry. Its elegance is carried through the entire design for a fresh, contemporary appeal. Conix fixtures relamp from the front and have snap-in accessory holders. All can accommodate up to two accessories. Lampholders have integral horizontal rotation and vertical aiming locks.

PRODUCT SPECIFICATIONS

Construction Molded polycarbonate yoke • Die cast aluminum back housing • Formed steel front housing.

Socket Medium base porcelain with nickel plated copper screw shell.

Aiming Greater than 360° horizontal rotation eliminates aiming dead spots • 90° vertical aiming capability • Vertical aiming and horizontal rotation locking screws secure lampholder position during relamping cycles.

Adapter Copper alloy contacts provide precise spring action - no arcing and will not take a set • True, positive electrical ground • On/off switch included • Patented embossed polarity arrows on bottom of adapter • Spring-loaded positive latch with embossed polarity arrows secures trac light to trac • "Pull-up" contact to up position for two-circuit application.

Labels UL listed, CSA certified.
