## Technical Specifications

## Other <br> WPLED3T105 with Photocell:

277 V Swivel Photocell Included. Photocell is compatible with $208 \mathrm{~V}-277 \mathrm{~V}$.

## California Title 24:

WPLED3T105/PCS2 complies with 2013 California Title 24 building and electrical codes as a commercial outdoor pole-mounted fixture > 30 Watts mounted at height greater than 24 feet. For mounting heights < 24 feet see WPLED3T105/BL with bi-level operation; additional component requirements will be listed in the Title 24 section under technical specifications on the product page.

## Warranty:

RAB warrants that our LED products will be free from defects in materials and workmanship for a period of five (5) years from the date of delivery to the end user, including coverage of light output, color stability, driver performance and fixture finish.

## Patents:

The design of WPLED105 is protected by patents pending in US, Canada, China, Taiwan and Mexico.

Country of Origin:
Designed by RAB in New Jersey and assembled in the USA by RAB's IBEW Local 3 workers.
Buy American Act Compliant:
This product is a COTS item manufactured in the United States, and is compliant with the Buy American Act.

## Recovery Act (ARRA) Compliant:

This product complies with the 52.225-21 "Required Use of American Iron, Steel, and Manufactured Goods-- Buy American Act-- Construction Materials (October 2010).

## Trade Agreements Act Compliant

This product is a COTS item manufactured in the United States, and is compliant with the Trade Agreements Act.

GSA Schedule:
Suitable in accordance with FAR Subpart 25.4

## Listings

UL Listing:
Suitable for wet locations.

## IESNA LM-79 \& LM-80 Testing:

RAB LED luminaries have been tested by an independent laboratory in accordance with IESNA LM79 and LM-80, and have been received the Department of Energy "Lighting Facts" label.

## DLC Listed:

This product is on the Design Lights Consortium (DLC) Qualified Products List and is eligible for rebates from DLC Member Utilities.

## Dark Sky Approved:

The International Dark Sky Association has approved this product as a full cutoff, fully shielded luminaire.

## LED Characteristics

## Lifespan:

100,000-hour LED lifespan based on IES LM-80 results and TM-21 calculations.

LEDs:
Multi-chip, high-output, long-life LEDs
Color Consistency:
7-step MacAdam Ellipse binning to achieve consistent fixture-to-fixture color

## Color Stability:

LED color temperature is warrantied to shift no more than 200 K in CCT over a 5 year period.

## Color Uniformity:

RAB's range of CCT (Correlated Color Temperature) follows the guidelines of the American National Standard for Specifications for the Chromaticity of Solid State Lighting (SSL) Products, ANSI C78.3772011.

## Construction

## IES Classification:

The Type III distribution is ideal for roadway, genera parking and other area lighting applications where a larger pool of lighting is required. It is intended to be located near the side of the area, allowing the light to project outward and fill the area

## IP Rating:

Ingress Protection rating of IP66 for dust and water.

## Ambient Temperature:

Suitable for use in $40^{\circ} \mathrm{C}\left(104^{\circ} \mathrm{F}\right)$ ambient temperatures.

## Cold Weather Starting:

The minimum starting temperature is $-40^{\circ} \mathrm{F} /-40^{\circ} \mathrm{C}$.

## Thermal Management:

Superior thermal management with external Air-Flow fins.

## Housing:

Die-cast aluminum housing, lens frame and mounting arm

## Mounting:

Heavy-duty mounting arm with "O" ring seal \& stainless steel screws

Reflector:
Specular vacuum-metallized polycarbonate

## Technical Specifications (continued)

## Construction

## Gaskets:

High-temperature silicone gaskets

## Finish:

Our environmentally friendly polyester powder coatings are formulated for high-durability and long-lasting color, and contains no VOC or toxic heavy metals.

## Green Technology:

Mercury and UV free, and RoHS compliant. Polyester powder coat finish formulated without the use of VOC or toxic heavy metals.

## For use on LEED Buildings:

IDA Dark Sky Approval means that this fixture can be used to achieve LEED Credits for Light Pollution Reduction.

Electrical
Drivers:
Two Drivers, Constant Current, Class 2, 1400mA, 100-
277V, 50/60Hz, 0.8A, Power Factor 99\%
THD:
$7.9 \%$ at $120 \mathrm{~V}, 16.2 \%$ at 277 V

## Optical

BUG Rating:
B1 U0 G2

## Features

High output, high efficiency LED
Maintains $70 \%$ of initial lumens at 100,000 hours
Weatherproof high temperature silicone gaskets
Superior heat sinking with die cast aluminum housing and external fins
100 up to 277 Volts
5-year warranty
